

*Morning gents, starting this Saturday we will begin using the men's bricks, also starting 6/28 we will be following the 2020 tournament schedule with a few exceptions, July 11th, August 16th and September 26th, these hybrid tournaments require using the outside tournament board which at this time is not allowed as to many hands would be touching it, we will replace those tournaments with something other than low gross low net, we will get that info to you as those dates get closer, I would like to make a correction on the tip's tournament, it will be 7/18 not 7/28. Thank you for your patience and understanding.*
