

Afternoon gents,

Just a quick update on how things are progressing through these emotional and difficult times.

1) We are moving our men's club start date to March 20th so the pro shop has the opportunity to get things in order under the present circumstances. The 2021 schedule is on the web and tee sheets are now in the pro shop so call to get a tee time or just swing by, with that being said Steve and Jen Sawka will be taking over the pro shop, Steve is PGA and Jen is LPGA. Our time and memories with Jeff we will always have and we'll never forget them. They are not here to fill Jeff's shoes they have their own shoes, so get to know them as I and a few others have as this will make the transition so much easier.

2) When paying your dues please make changes to your email as needed, this will be necessary for the upgraded Golf Genius system and mail your application in versus dropping off at the course, processing is quicker this way.

I'm aware of all your questions, as I have your answers I will relay them, please have patience and all will work out. Thank you for your understanding.

Jeffrey T Welch Pres. CKMGA.
